THE CASE OF ANN
(Bipolar Mood Disorder with Psychotic Features)

Group Members _____

1. What are some ways in which mania has negatively affected Ann's life?

2. What are some ways in which Ann feels mania affected her life positively?

3. How does Bipolar Disorder I differ from Bipolar Disorder II?

4. Although not all people with Bipolar I Disorder have a wide range of symptoms, Ann's symptomatology was multifaceted. List the symptoms Ann had and put them into diagnostic groups.
