

GROUP LITERATURE REVIEW

- Choose a (group) topic of interest
- Search for a study to review (based on the topic of interest)
- Print/copy the study
- Type an annotated review (or power point review) of the study to share with the class which includes:
 - A summary of the Hypothesis, Method, Results and Conclusion (Discussion) of the study
 - Your general reaction and impression of the study (particularly your reaction to the conclusion of the author(s))

The review/presentation will be worth 30 points and is due _____
